To Whom It May Concern:

The purpose of this letter is to show full support of the creative work of Timothy Gothra.

I am a pastor in New Castle, IN as well as the National Missions America Director for the ALJC. On several occasions we have leaned on Timothy to lead the creative projects for both our church and national department. He had demonstrated a high level of professionalism, unmatched creativity, and first-class character.

From websites, social media presence, to logos, and digital slides Timothy always delivers. In addition to his creativity ability, his positive attitude, consider it done mentality makes our experience with him even better.

I highly recommend him for the position you have available. You will not regret it!

If you have any questions, please call me at 765.524.5397 or email pastormattperdue@gmail.com

Blessings,

Matt Perdue
